### Exceptional Dietary Requests

Hosting an international student is a big commitment and responsibility for all homestay families. Providing healthy meals for everyone requires a lot of planning, shopping, preparation, and expense. It is crucial that every student is eating a healthy diet that not only meets their nutritional needs, but they also enjoy. Students who have unique dietary needs or requirements require a specialized homestay that is willing and able to accommodate them. Securing a homestay for a student with exceptional dietary needs is a challenging task and requires an extra expense for the homestay family. Therefore, the following fees will be added to the 2023-24 school year for exceptional dietary requests:

- \$100 dollars per month for Vegetarian, Vegan, Pescatarian, and Keto (high protein, big appetite) diet.
- \$150 per month for Gluten free, Celiac, Lactose tolerant and Allergens.
- The fees for any other exceptional dietary requests will be determined.
